## OVERVIEW OF SEAHAWK GOLD CORP

Seahawk currently owns four properties and has a royalty on one in the world famous Urban-Barry Gold Camp, Abitibi Greenstone Belt of mining friendly, Quebec, Canada. The Urban-Barry Camp is the busiest GOLD exploration camp in Canada, with Osisko Mining Inc. in the process of delineating and evaluating zones on the Windfall Property which currently are reported to contain 18.6 mt at 8.5 g/t Au in all categories.

On the Touchdown and Blitz Properties the grass roots diamond drill programs were extremely successful in discovering numerous new Au zones in areas where no previous diamond drilling has ever been completed. These Au intersections range from highly anomalous to high grade, .42 g/t Au to 17.8 g/t Au and varying in width from .1 meters to 4.4 meters.
